During the week excursions were made to Opequan, South Mountain, Staunton, Winchester, Cross Keys, Front Royal, Luray, Natural Bridge, and Wever's Cave. The great crowd was well handled by the railroads going and coming; everybody found a good place to sleep, and plenty of food at reasonable prices, and last, but not least, the institution of Grand Army Place, the long-lost ones found there, the happy hours spent listening to the familiar voices of the old leaders, and the monster

here, you may attribute to me any language you please so long as it is in praise of Washington and its people. Our welcome has simply been magnificent. It has seemed to us that Washington thought it could not do half enough to please us. No complaints of any kind have come to my ears. The stories told in advance that extortion would be practiced and the veterans made the prey of selfish people who had a purpose in bringing the Encampment to Washington I am happy to say have been wholly dispelled by what has been the real experience of every one of us. The committee in charge of the arrangements has worked faithfully and well. That fact is very evident, for everything has worked as smoothly as it was possible to anticipate. The grand parade, the decorations, the illuminations, the treatment accorded us by the citizens-in short, everything here has been on a scale which will make every one who attended think of the Encampment of 1892 with everrecurring pleasure, and I doubt if we shall have its like again."

#### CLARA BARTON'S RECEPTION. A Large Gathering at the Red Cross Headquarters.

The old mansion at the corner of Seventeenth and F streets, which during the war was the headquarters of Gen. Grant and his staff, was the scene of a brilliant reception given by Miss Clara Barton to the survivors of the late war and all organizations of patriotic women. This building was completely renovated a short while ago, and converted into a handsome office for the use of the Red Cross Society. On the occasion of this reception it was gaily decorated with flags and bunting both inside and out. In the rear dining-room on an easel was a painting of Grant and his Generals, loaned for the occasion. Upon arriving the guests were introduced by Mr. Harrison Diugman and received by Miss Barton, assisted by other prominent ladies. Miss Barton were a handsome evening toilet of heliotrope silk trimmed with black lace. The decorations of the Iron Cross and other Orders presented by royalty fer courage and valuable services upon the field of battle ornamented her breast. Among others present was Walter Kittredge, the venerable author of the stirring war song "Tenting On the Old Camp Ground," who accompanied his hostess. Mrs. Bessie

#### MRS. LOGAN'S RECEPTION.

A Hearty Welcome Extended to Veteran and Their Wives.

One of the most brilliant events of the week was the reception given by Mrs. Logan at her home, Calumet Place, to the visiting John A. Logan Posts, and the veterans in general. The front of the mansion was draped in flags. The bedges and the shrubbery were glistening with lights under colored globes and a string of Japanese lanterns encircled all the grounds. The portices were hung with strings of lights, and large calcium lights made all the dark corners as bright as day. The guests began to arrive at 8 o'clock, and it was long after midnight before they ceased coming. During the evening Maj. John D. Billings, Commander of John A. Logan Post of Cambridge, Mass., presented Mrs. Logan with a dozen Massachusetts souvenir spoons on behalf of his Post. Mrs. Logan accepted the gift, making a neat speech of thanks. Mrs. Logan had assisting her Mrs. Alger, Mrs. John A. Logau, jr., Miss Alger, Mrs. William Bailey, of Seattle; Mrs. M. R. M. Wallace, of Chicago; Mrs. Rea, of Minneapolis; Mrs. A. C. Matthews and Mrs. Walsh, of St. Louis; Mrs. Dalzell, Mrs. Dixon, Miss Clara Barton, Miss Braddox and Mrs. Tucker. Maj. Tucker, Master Logan Tucker, and Mr. John A. Logan, jr., assisted by Mr. Batty, were the hosts of the occasion.

In the rear of the hall was an improvised mast, hanging suspended from which was an excellent picture of Admiral Farragut. The address of welcome was de-livered by Mr. J. W. Babson, President of the East Washington Citizens' Association. Other speeches were made by Dr. Day, Judge Hallam, Mr. M. I. Weller, and Capt. Riley, Commander of Farragut Post. An octet rendered several selections during the evening.

## THE LOYAL LEGION.

Handsomely Entertained By the Army and Navy Club.

Eight hundred members of the Loyal Legion were welcomed at the Army and Navy Club by the District Commandery, and every privilege of the Club extended to them. From Monday morning until Saturday night the doors of the Club were open to the visiting members, and strict orders given that they should not be allowed to pay for anything they ordered. As each guest entered the Clubhouse his name, rank, and address was registered and his orders entered in a special book. The arrangements were formulated by Maj. W. P. Huxford, Recorder of the District Commandery, and the success of the week's entertainment was due to the unremitting efforts of Col. Volkmar, Assistant Engineer Bennett, and Lieut. Prince, U. S. M. The church was handsomely decorated with flowers and National colors, and at the time of the commencement of the exercises was completely filled, no larger audience having ever been in the church before. On the platform were Miss Clara Barton, Mrs. Logan, Mrs. Kate B. Sherwood, Mrs. M. O. Cartlidge, Secretary John W. Foster, Congressman Bontelle, and Dr. Corey. During the latter part of the evening Capt. Jack Crawford arrived and was called to the platform. Miss Barton made a short address of welcome, and prayer was delivered by Dr. Corey, after which speeches were made by Mrs. Sherwood, Secretary Foster, Congressman Boutelle, and Mrs. Cartlidge. Mrs. Elizabeth Mansfield Irving, President of Forsyth Corps, W. R. C., Toledo, O., recited in a most dramatic style Mrs. Kate B. Sherwood's poem, "War Memories." She was loudly applauded and responded by an encore of equal merit and finish. Miss McManis entertained the audience with whistling solos; the Choral Society sang patriotic airs; Mr. Tweedale read a poem, "March On," and Capt. Jack Crawford eloquently recited "Pony Bill's Sermon to the Cowboys," and an original poem, "Sunbeams." After the exercises Miss Barton and Mrs. Logan held an impromptu reception on the platform. A large basket of roses on the reading-desk was sent by President Harrison, who regretted his inability to be present as was intended.

The Street Illumination.

The illumination of Pennsylvania avenue each evening was enjoyed by the thousands who passed along the broad surface of that great thoroughfare. The entire aim of the scheme adopted by the committee was to have the designs appropriate to the occasion. At intervals along the avenue the badge corps of the armies flashed out with all the brilliancy of electric lights, while at the head of the avenue the outlines of the badge of the Grand Army were displayed by the same medium. Another, of even greater brilliancy, was on a huge building at the corner of Seventh street. Above the corps budges in many instances appeared the names of well-known battles. One of the designs that attracted a good deal of attention was that of a large anchor. At Seventeenth street and the avenue there was an elaborate design of a shield, which was displayed with fine effect, and could be seen for a long distauce.

Washington, Sept. 22, 1892: COMRADES: We are assembled on this occasion to do honor to the cavalrymen of the West, who on nany fields showed their valor, and who helped to clear the way for great Union victories. The field was a grand one, and through Missouri, Arkansas, Kentucky, Tennessee, and Mississippi they swept with resistless force under such leaders as Wilson, Grierson, Minty, and Hatch. They were found equal to every occasion and bore our flag in triumph over the flowery lands of the West. The nightly watch was familiar to them, and their Campfires lighted up the green wood and flowing river. They helped to redeem an extensive portion of the Republic, and were, in fact, the eyes of the advancing hosts under Grant and Sherman, leading them on to victory. Through trials and dangers they were always in front and on the fanks, and many anfambuseade and hidden terror was discovered by them. From his experience, gained in the Western armies, Grant learned how o mass his cavalry for the most effective work. I hope your proceedings this day may be all that you

Gen. Kearny's Reply. "On June 1, 1862," said J. R. Hayes, Medical Director, Department of the Potomac, "Gen. Joe Johnston, in command of the rebel forces. had been wounded and his army defeated and scattered, and a few days afterward we learned from contrabands that a complete panic existed in Richmond. The Army of the Potomac in front of Richmond numbered at this time 128,000 effective men, and not much in the way of defense in front of us. Why an advance was not made even then was the subject of much discussion among the general officers. "One day, about 10 days after the battle of Fair Oaks, Gen. Philip Kearny rode up to our hospital and dismounted to get a drink of well water. I asked him why our army did not advance when apparently there was nothing in front of us. Hesitating a moment, he replied, Well, doctor, it is either treachery or cowardice; I don't know which. We lay in front E. A Scarcity in Sugar.

The rigid quarantine regulations in New York and Brooklyn on all the beet sugar product, which is principally shipped from Hamburg, has made a noticeable scarcity in all rerefineries.

A prominent jobber said recently: "The refined sugars are not quoted on the list, as the refineries do not propose to bind themselves to any fixed price for the present, although the price is nominally the same. The quarantine is doing all the trouble and as fast as a cargo is released of the beet product from Hamburg an additional amount of the refined sugar is placed upon the market, and although this makes the supply short and unsteady, to the credit of the refiners, be it said, they have taken no undue advantage of the jobbers and used this emerg-

ency to raise the price. "There is some talk in New York of forbidding the shipment of any beet-sugar from Hamburg until farther notice. If this order should go into effect and be maintained for any length of time it would make refined sugar so scarce and the supply so limited that the price would

very likely be raised considerably.

full amount of his order filled at one time. He is allowed his proportion and no more. Late advices from Brooklyn say that Health Commissioner Griffin is considering the advisability of closing the sugar refineries at Williamsburg. Beet sugar, he says, comes from infected ports, and it is a difficult matter to disinfect it.

Sheridan's Historic Ride.

[St. Louis Globs-Democrat.] "I once had a talk with Gou. Phil Sheridan about his famous Winchester ride," said Judge O. S. Stoddard to the Reminiscence Club that was holding a seance at the Southern. "It was immediately after the appearance of the poem celebrating that thrilling event. I read it through to him, and he stood for a few moments switching his boot with a sprig of hazel bush, then he said slowly: 'I think if the versifier had seen that steed "as black as the steeds of night," and knew how I had to spur and whip the old crowbait to get it to go over of Richmond nearly a month, when Gen. School Opening Postponed.

Dr. Hammett, Health Officer of the District of Columbia, says that the public schools cannot be opened until Monday, Oct. 3. This is because the school buildings were occupied by veterans during the Encampment, and it will be impossible to have them properly cleaned and fumigated before that time. No matter how cleanly persons who occupied these buildings might have been, according to the Health Officer, to insure the health of the pupils they must be thoroughly fumigated and disinfected before it would be safe to allow the pupils to remain in them.
